

Species cards

Blue tit

What do I eat: insects & spiders

Where am I found: woodlands

Am I common: very common

I am a consumer & heterotroph

Hazel tree

What do I eat: I am an autotroph

Where am I found: woodlands

Am I common: very common

I produce sugars from photosynthesis

Wood mouse

What do I eat: seeds & insects

Where am I found: woods & fields

Am I common: fairly common

I am a consumer & heterotroph

Earthworm

What do I eat: dead leaves

Where am I found: in the soil

Am I common: very common

I am a detritivore

Field mushroom

What do I eat: I am a saprophyte

Where am I found: in fields

Am I common: fairly common

I am a decomposer and rot food

Red admiral

What do I eat: nectar - herbivore

Where am I found: fields & meadows

Am I common: not very common

I am a consumer & heterotroph

Ground beetle

What do I eat: insects & seeds

Where am I found: in the soil

Am I common: fairly common

I am a consumer & heterotroph

Yorkshire fog

What do I eat: I am an autotroph

Where am I found: meadows

Am I common: very common

I produce sugars from photosynthesis

Daisy

What do I eat: I am an autotroph

Where am I found: meadows

Am I common: very common

I am a producer

Silver birch

What do I eat: I am an autotroph

Where am I found: woodlands

Am I common: very common

I produce sugars from photosynthesis

Spider

What do I eat: flies & moths

Where am I found: meadows & woods

Am I common: very common

I am a consumer & heterotroph

Ladybird

What do I eat: I am a herbivore

Where am I found: meadows

Am I common: fairly common

I am a consumer & heterotroph

Grasshopper

What do I eat: leaves - herbivore

Where am I found: grasslands

Am I common: fairly common

I am a consumer & heterotroph

Snail

What do I eat: leaves, insects & decaying food - omnivores

Where am I found:

Am I common: very common

I am a consumer & heterotroph

Dragonfly

What do I eat: insects

Where am I found: grasslands

Am I common: not very common

I am a consumer & heterotroph

Dandelion

What do I eat: I am an autotroph

Where am I found: meadows & fields

Am I common: very common

I am a producer

Tawny Owl

What do I eat: small mammals

Where am I found: woodlands

Am I common: not very common

I am a top consumer & heterotroph

Bee

What do I eat: nectar - herbivore

Where am I found: Flower meadows

Am I common: common

I am a consumer & heterotroph

Bank vole

What do I eat: fruit, nuts & insects

Where am I found: woods & fields

Am I common: very common

I am a consumer & heterotroph

Robin

What do I eat: beetles & worms

Where am I found: woodlands

Am I common: common

I am a consumer & heterotroph

Fox

What do I eat: mammals, birds & frogs

Where am I found: woods & fields

Am I common: fairly common

I am a top consumer & heterotroph

Fly

What do I eat: dead & decaying food

Where am I found: everywhere

Am I common: very common

I am a detritivore & heterotroph

Woodlouse

What do I eat: dead leaves & fungi

Where am I found: woodlands

Am I common: very common

I am a detritivore & heterotroph

Frog

What do I eat: insects, worms & slugs

Where am I found: damp meadows & ponds

Am I common: common

I am a consumer & heterotroph

Phytoplankton (algae)

What do I eat: I'm an autotroph

Where am I found: ponds & streams

Am I common: extremely common

I am a producer

Pond skater

What do I eat: dead floating insects

Where am I found: ponds & ditches

Am I common: common

I am a detritivore

Greater water boatman

What do I eat: insects & small fish

Where am I found: ponds & lakes

Am I common: common

I am a carnivore

Water flea

What do I eat: phytoplankton

Where am I found: ponds & lakes

Am I common: very common

I am a herbivore

Aquatic plants

What do I eat: I am a producer

Where am I found: ponds & lakes

Am I common: very common

I am an autotroph

Stickleback

What do I eat: insect larvae &

Where am I found: ponds & streams

Am I common: common

I am a carnivore

Mayfly larvae

What do I eat: algae

Where am I found: ponds & streams

Am I common: very common

I am a primary consumer

Pond snail

What do I eat: algae & plants

Where am I found: ponds & lakes

Am I common: very common

I am a herbivore
